### **Editor's Ramblings**

We have a very different weather pattern this year, with a record amount of rain through the winter, until the end of March. Instead of the usual April showers we had quite a dry spell. May, which was one of the driest months since records began, followed by another very dry June, this has played havoc with my lawns. Just as the grass started to grow, there was very little rain, lots of sunny days and now both lawns are looking scorched. It puts the water bill up too much to keep watering the lawns, so I am afraid, it will be *Que Sera, Sera*. Welcome to the British weather, still I suppose it gives us all something to moan about.

#### **Athelhampton House Garden Party**

I have 34 names on my list and a recent conversation with Chris Adamson from the MG club, he said not many members have actually registered and paid for this event. He needs the bookings to be able to allocate spaces on the lawn. This is not a pay on the day event, I will bring more application forms to the July meeting and I will also bring some more on the July meeting. You can also go on-line and register and pay, email me and I will forward you the entry form.

#### **Middlewick House**

Personally, I didn't attend Nick Mason's open day this year, but I hear that it was a bit of a nightmare trying to exit the event, with cars queueing for a couple of hours, not good for older cars and especially for the people in them.

#### **Treasure Hunt & Picnic – Sunday 27th July**

We don't seem to have many names for this event at the moment, as you can appreciate it takes Linda and Mark many hours to plan this event and obviously, we need numbers to book the cream tea. We will be picnicing at Chesslbourne Village Hall, at 12.00 noon and the postcode DT2 7NS and finish at Bulbury Woods Golf Club, which is just off the A35 at Sleaford.

#### **Simply Jaguar – Sunday 17th August**

I have booked a Club stand as per usual, but I will need to let the organisers of how many cars spaces we will need. There will be a clipboard at Club Night, but also you can send me an email and I will book you in.

#### **Picnic in the Park at Lymington – Sunday 3rd August**

I mentioned this event in my 'Ramblings,' last month, so just an up-date, Bob has spoken with Ashley the organiser and he is happy for us to organise a Club Stand, so please put your name on the clipboard at July Club Night, if you will not be able to make it, please email me: [barry@baz234.co.uk](mailto:barry@baz234.co.uk). Cars made pre 2001 only will be allowed on the showground. There is no entry fee and you can leave when you like.

#### **HAYNES MOTOR MUSEUM'S 40TH ANNIVERSARY - Sunday 7th September**

This inaugural John Haynes Classic marks the 40th anniversary since John founded Haynes Motor Museum in July 1985 as a charity. This fundraising show will support the continuing work of the Museum: the ongoing preservation and conservation of the collection, and an ambitious education programme which aims to inspire the next generation of automotive enthusiasts and engineers. I have booked in for this event, but I don't know how many other members may have registered to attend? Perhaps you would like to contact me and then maybe we could travel up together. The show is from 10.00 am until 4.00 pm.

#### **New gun to replace Police pursuits?**

Police can now fire sticky tracker "darts" on vehicles to cut the danger posed by high-speed chases. Police Scotland has shelled out £450,000 to pilot hi-tech kit which allows officers to launch GPS devices on to cars and stalk suspects remotely to avoid a hot pursuit through the streets. Road safety charity IAM Road Smart welcomed the development. Firearms and related tactical products supplier, GMK Ltd, has an exclusive contract. In the US, several police departments use Star-Chase handheld or vehicle-mounted launchers that fire foam "darts" with a heat-activated sticky glue at fleeing vehicles. In 2022, Surrey and Sussex Police deployed Star-Chase over six months, nine of which halted a potential pursuit.

**Cover picture: 207 RW, apparently this D-Type has a slightly controversial history, but anyway it looks beautiful even in the damp weather at Brooklands for Jaguar 100th year Celebrations.**

## Vintage Nostalgia 2025

As per usual Vintage Nostalgia did not attract many cars again this year, in fact we didn't have enough cars to book a club stand. We actually had seven cars eventually and luckily; we had a very co-operative marshal who allowed us to reserve enough spaces for our cars.

I met Chris and Mark at the Horton Inn and immediately set off to meet John and Sally at the entrance of Salisbury Race course at 9.00 am. When we arrived and parked up and then we contacted the rest of the booked cars to let them know we had reserved a space for them. Keith phoned me during the week to say he would be attending and could I send the postcode of the venue, I asked him if he was bringing his XJS and he said it was not on the road as the front calipers needed changing. He said he would bring his XK8, but I advised him that he may be allowed on the showground as it maybe too modern. I think Bob had a word with the people on the gate and they waved him through. It is nice see Keith making an effort to come to functions, because it must be difficult for him, as he was always accompanied by Phyllis.

I decided to take my XJS for a change and the top came down before I set off and it is such a pleasant car to drive.

For a pleasant change the weather was co-operating, it wasn't too hot and no sign of rain. I set off to have a wander and take some photos of unusual cars etc. As I passed the very large marque, I could see it was full of couples learning how to jive.

There was a rumour going round that this year's event could be the last one, but I think is because Russell who runs Vintage Nostalgia and many other events is looking to sell the event as a going concern, so watch this space. It will be a shame if this was the last one ever.

# Ferndown Car Show

I have been supporting the Ferndown Car Show since the early 2000's and quite quickly it became popular with members. We would normally have at least a dozen members cars every year and would fill our club stand, in fact, this is how I managed to persuade Vic Thompson to join the Dorset Region in 2008. I remember he was sitting on his own with his red Series 3 E-Type convertible at the side of our Club Stand. I asked if he would think about

*A 1960 Ford Zephyr Mk.2 Convertible, first registered 23rd June, 1960, bought by the current owner in 2023. Apparently, it was specially requested to have the paint colours in red over white, the mileage is just over 46,000 from new.*

joining the Dorset Region and left him an application form and the rest his history. Unfortunately, he has just had to sell his E-Type this year, due to problems get in and out, well he is over 90 years old, but still looking good.

Anyway, what I was leading up to is, that our members don't seem to be attending some of our regular events in any great numbers. I know some of the events are for "Classic cars only," but Ferndown is not classic cars only, it is a Car Show, with no age limit. We had only five cars attending at this year's event and Vic came in his modern XK8, he owned this before his E-Type.

We have had some scorching hot days all week, but fortunately it was beginning to cool at the weekend and we actually had some spits and spots of the wet stuff, but not for very long. What I did notice was, there definitely not as many cars in attendance as previous years.

*A very original 1930 Ford Model A, the upholstery is original, but new carpets, it has the original 14.9 hp engine.*

Entertainment wise, they had some primary school children in a choir, singing their little hearts out and they were very, very good! There was supposed to be a fun dog show organised by the Waggy Tails Rescue, but due the hot weather they decided to cancel this event as it may

have been too much for the dogs. However, a lady from the Waggy Tails charity came round and asked us if any of us had a dog and said you could enter the competition via email, because they had the prizes they were due to be handed out and needed to pass them on to the winners. I have entered Isla in the "Prettiest Bitch" category, so we will see how she does?

The annual show does seem to attract many charities, but walking round there was a distinct lack of visitors, perhaps the recent hot weather put them off, which is a shame as it is a lot of work putting these stands up.

# Corfe Mullen Carnival

I thought I was going to be “Billy no Mates,” going to the Corfe Mullen Carnival, but I have a call on Friday from Glen Alcorn, who hadn’t actually entered but was interested in attending. I arranged to meet him up at Wingreen Garage to give a copy of my entry details, but when I arrived, he wasn’t there, so a quick call and he said he was already in and parked up. He said he just blagged his way in, when I reached the classic car area I could see we were actually going to be on the end of the Three

Counties club stand, but said they didn’t mind. There was also a very large group of cars from the Dorset Car Club, which had an interesting collection of cars, some of which weren’t actually classic in the broadest sense of the word. As soon as the parade arrived, it quickly became very busy, quite a few of visitors remarked that our two E-Types were the best cars in the show. There was a very, very good rock band playing and had a brilliant female singer. In between the rock band performances there was a trio of lady harmony singers, they singing some of the old war time songs.

When the show officially opened, it got very busy and Glen and I were kept very busy fielding questions about the E-Types.

*From this shot, you can get an idea how busy the show was with a record number of visitors.*

## *Dorset Jaguar Enthusiast*

*You have to give this guy at least 10 marks for making the effort for his Bond impression on the Dorset Car Club stand. Not sure about the car?*

*Below a report from the Evening Echo*

Crowds lined the streets for the 56th annual event on Saturday, June 14, under blue skies and bathed in warm sunshine.

The parade featured an array of floats and costumes from Buzz Lightyear to clowns, farmyard animals, cats, chimney sweeps, Mary Poppins, with a dinosaur even making an appearance.

Majorettes also danced their way along the streets as the spectacle

*A long queue for an ice cream.*

*Just a few cars on the Three Counties stand*

made its way through the village and towards the recreation ground, and led by the Dolphin Marching Band. At the recreation ground, carnival goers could enjoy a host of fun, games and entertainment as well as numerous food and drink stalls.

The day also featured vintage vehicles, The Quarterjacks of Wimborne, The Dolphin Youth Marching Band, The Sapphire Stage Academy and a dog show.

Each year the carnival raises money for charities and community organisations.

This year's event money raised will go towards supporting Lewis-Manning Hospice Care, The Friends of Springdale, Millstream Theatre and Corfe Mullen Defibrillator

# June - Classics on Christchurch Quay

I decided to take my other Jaguar the XJS for the Classics on Christchurch Quay, which I have said before, is a such a beautiful place for such an event. However, things were far from perfect as the wind on this occasion was a little too strong and where Bob and I were parked, alongside the river bank had no trees to break the intensity, so not that comfortable for just sitting around. This venue certainly does attract a lot of cars and visitors and I am not sure how they actually find out about the event. As a rough estimate, I would think there was at least 300 cars on display. It is a good place to meet friends and you see many cars that also so go to all the other classic car events. By 2.00 pm, the sun had disappeared behind some seriously thick clouds and with only thin polo shirts, we decided to call it a day and made our way home.

# *Dorset Jaguar Enthusiast*

## **Fun Concours & Barbecue Sunday 6th July**

Our annual Fun Concours and Barbecue takes place every year, but this year our usual venue was not available. However, we have found another suitable village hall in Damerham near Fordingbridge, which has all the facilities we require. Last year the weather was great, but a little too hot, so everyone moved under the shade around the perimeter.

As usual, weather permitting, please bring your table and chairs, cutlery and your own drinks. If, the weather is not kind to us, we have an excellent plan 'B' with the use of a very spacious hall. The cost as last year will be £7.50 per head.

## **Jaguar Mk.4 FOR SALE**

Exported to Australia in 1948 and then to a Japanese collector before coming back to the UK in 2012 and rebuilt. Resprayed in 2013 and bought by the present owner in 2014. ### DECEMBER

Tuesday 2nd	Mince Pie Club Night	Hamworthy Club - 7.30 pm
Sat. 20th	Christmas lunch	Royal Motor Yacht Club, Sandbanks- 12.00 noon

# Events Round-up

## Rustic Fayre - Monday 25th August

A few members of the Dorset Region have attended the Rustic Fayre for many years, but unfortunately, only members who have classic cars, pre-1979 are allowed to display car on the showground and club stands are not permitted. If you would like to display your car as a group we meet up at Morrison's car park at 9.00 am, prior to entering the show to ensure we park together. Alternatively, members with more modern Jaguars can still attend but will use the public car park but you can then bring your picnic table and chairs and join us.

Organisers of the event, the Verwood Rotary Club, divide the money up to support local charities, organisations and community events.

## Westival Show - Saturday 12th July

WESTIVAL will be returning for its fifth year to Fryer Field on Saturday 12th July 2025 from 12-4pm. An event programme will be available to view here nearer the time Directions: The public can enter via West Moors Memorial Hall car park, off Station Road opposite St. Mary's Church.

We as a club have never attended this event, but I know some of our members have and have enjoyed the day. I think the organisers are looking for older classic cars, rather than modern Jaguars, but I will make enquiries.

This show is free of charge, but you need to book your car in. Click on the web site link to open up the web site and then click on 'Wheel Display,' you can then fill in the application form on line and then email it back to the organisers. I have request a club stand, but it depends on numbers."

## Classic & Supercar Sunday - Sunday 24th August

Classic & Supercar Sunday, sponsored by Daizun Investments, is relocating to Canford School in Canford Magna.

The event, which is a "must-see date in the summer calendar" for car enthusiasts, will see more than 600 vehicles on show, including rare classics and supercars.

Visitors can also expect live entertainment, street food and activities for children.

Zander Miller, director of Aperta Events, said: "After three incredible years at Clayesmore, it became clear we needed a larger and more central location to support the event's growing popularity.

"Canford School offers us the perfect mix of space, prestige and accessibility – especially for families and car lovers in the Bournemouth, Poole and Christchurch areas. "We can't wait to welcome everyone to this incredible new venue."

Ben Vessey, headmaster at Canford School, said: "Canford is delighted to be hosting this prestigious and exciting event showcasing classic and supercars from across the country.

"We look forward to welcoming motor enthusiasts of all ages to the school and hope that everyone has a wonderful day."

If you are intested in this event, go to their web site and register your car, you will be invited to display your car. More details on their website.

<https://www.apertaevents.com/events/canford-classic-supercar-sunday>

## Is this the thin edge of a very nasty wedge?

Benefit cheats could be banned from driving if they repeatedly fail to pay back cash to the taxpayer in an attempt to stamp out benefit fraud.

The Department for Work and Pensions (DWP) will also be able to recover money directly from fraudsters' bank accounts, in what has been dubbed the biggest fraud crackdown in a generation.

The Public Authorities (Fraud, Error and Recovery) Bill, which would put the measures into law, is due to be introduced in Parliament on Wednesday. It will help save the taxpayer £1.5 billion over the next five years, the DWP estimates.

Once the Bill is made law, benefit cheats could be disqualified from driving for up to two years if they refuse to repay money they owe.

Courts could suspend fraudsters' driving licences following application by the DWP, if they owe welfare debts of more than £1,000 and have ignored repeated requests to pay it back.

The department will also have powers to get bank statements from people they believe have enough cash to pay back welfare debts, but are refusing to do so.

The DWP however insists it will not have direct access to people's bank accounts.

'We are turning off the tap to criminals who cheat the system and steal law-abiding taxpayers' money,' Work and Pensions Secretary Liz Kendall said.

Liz Kendall added: 'This means greater consequences for fraudsters who cheat and evade the system, including as a last resort in the most serious cases removing their driving licence.'

'Backed up by new and important safeguards including reporting mechanisms and independent oversight to ensure the powers are used proportionately and safely.'

'People need to have confidence the Government is opening all available doors to tackle fraud and eliminate waste, as we continue the most ambitious programme for government in a generation – with a laser-like focus on outcomes which will make the biggest difference to their lives as part of our Plan for Change.'

In an attempt to provide assurance about the Bill, ministers will bring forward codes of practice for those who will use the new powers.

They also plan to introduce new oversight and reporting mechanisms to monitor how the powers are used.

Elsewhere in the Bill, the Public Sector Fraud Authority will be given more powers to tackle Covid-era fraud.

Helen Whately, the shadow work and pensions secretary, welcomed the measures, and claimed they were a 'continuation' of the Conservatives' work in power.

She added: 'But having knowingly appointed a convicted fraudster to his cabinet, Keir Starmer cannot be trusted to get tough on fraud.'

'Labour must do more to tackle the spiralling welfare budget, and explain why they are yet to match our £12 billion in savings – raising the prospect that Rachel Reeves will be back again later this year with another tax raid on working people.'

# Special delivery for Prom Night

Steve Fulwood is a volunteer minibus driver for the MS Society in West Parley and one of the other volunteers asked Steve if he would be willing to take their grandson from Southbourne to the Vitality Stadium (Dean Court) for his Proms night on Monday evening 23rd June. Steve then contacted other members with E Types, to see if anybody would be willing to join the convoy? This then grew arms and legs until eventually there was seven cars to take these lads to their Prom Night. Unfortunately, on the day two of the E-Type were not actually available, so they were substituted by an XJS Convertible and a Lotus Supercar.

We all met up at Christchurch Hospital and then headed off to pick up the boys at Christchurch Station, where we met the boys and their parents. The boys were asked to chose their transport and posed for pictures and a video; it was then off to the Vitality Stadium.. It was quite a sight, on arrival, we were called forward one by one for the obligatory photos, lots of cheering etc. and lots envious dads looking at our cars. My passenger was called Morgan and was quite chatty, he wanted to know the history about the E-Type and couldn't believed how old the car was, let alone the driver?

Rather than us receive any expenses, Steve requested making a donation and this raised a sum of £150 to Multiple Sclerosis Society, plus one if the Mum's bought us all a box of Cadbury's Heroes chocolate..

---

## Damerham Village Fayre - Saturday 26th July

Driven and supported entirely by fantastic volunteers, the Damerham Village Fair is a traditional country event that celebrates village life and brings together visitors and local people of all ages. It has retained a similar format from year to year but with stand-out events asked to take part annually.

What else is on offer? The Countryside Area, Dog Show, usual Craft and Trade Stalls, friendly competitions and games, of course. Back by ever-popular demand is the beloved Damerham Derby.

As always, we will have a licensed bar - the 'Penny Farthing', a BBQ, and the 'Inner Wheel' tea area.

Philip Neate has been contacted to an organise a few classic cars to display at the show.

Please contact Philip if your interested in attending, email: [philipneate <philipneate@talktalk.net>](mailto:philipneate@talktalk.net)
